

Aviation Distributors and Manufactures Association

Scholarship Committee Members

100 North 20th Street Ste. 400

Philadelphia, PA 19103

Dear Committee Members,

I am honored and grateful to be awarded the ADMA International A&P Mechanic scholarship, which will support my continued academic endeavors at Embry-Riddle Aeronautical University. In the near future, I will have the privilege of earning an Airframe and Powerplant license, which will lead to a Bachelor in Aviation Maintenance Science.

I commend the Aviation Distributors and Manufactures Association for their continued support of aspiring aviation technicians. I would also like to thank the generous ADMA donors for providing me with the opportunity to chase my goals and future success.

Sincerely,

Kody Abbott
