

July 22, 2011

Dear ADMA Scholarship Board,

I would like to thank you very much for awarding me with a scholarship; it will be extremely helpful in furthering my education towards a career in aviation. The financial award you have extended to me will assist in my final year of college. I will be graduating from Moody Aviation with a B.S. degree in Missionary Aviation Technology as a Maintenance Specialist major. My plans upon graduation are to acquire additional advanced training in mechanics, and ultimately move to Africa to use the skills I have learned to assist the people there. I am also keeping in consideration the idea of becoming a maintenance instructor at some point and being able to pass on the knowledge and skills which have been taught and passed on to me.

Since I was a young girl, I have dreamed of flying and working in the aviation world. Throughout the years there have been a variety of people who have extended to me encouragement and assistance in helping me realize my dreams. It is an honor to count you among them. Thank you for considering my application and seeing in me an asset to the aviation community as I continue my education and learning.

Sincerely,
Alyssa Roffler
