Re: Michael L. Sanchez, 2011 Scholarship Award Recipient

Dear Ms. Taft and Scholarship Committee:

Please allow this letter to convey my sincere thanks for your selecting me as a 2011 ADMA Scholarship recipient. Having just graduated from MIAT and acquired my FAA A&P Certificate, please know that your financial award will greatly ease the burden of repaying college tuition loans and continuing training costs.

Fortunately, while costly, I received a number of aviation maintenance training scholarships during my schooling. These trainings are highly coveted both for the knowledge they impart and employing hands-on experience with the most current industry methods. While these trainings are wholly awarded, associated airfare and hotel expenses are costs I personally incur.

As such, I am especially grateful to ADMA for its financial generosity and continued recognition of both educational and training costs. Along with assisting my repayment of student loans, ADMA's award will offset my expenditures for the following training experiences:

- ***Fundamentals of Avionics*** through Flight Safety in Wichita, KS;
- ***Bell Helicopter Vibration Monitoring Systems*** in Dallas, TX; and
- ***Electrical Wiring & Interconnect Systems*** by Air Tran Airways in Atlanta, GA.

Finally, the ADMA Scholarship allows me to work toward my Bachelors degree in Aviation Maintenance Technology, while commencing my new career with Boeing in Puget Sound. I am encouraged by ADMA's annual provision for high achieving students who strive to enter this challenging, exciting field of aviation.

With best personal regards, I am

Sincerely yours,

Michael L. Sanchez
