

Lise Pearson holds the position of Vice President of Lear Chemical Research which is a privately held second generation family business that started in 1981.

Lise started part time with the family business back in 1974 with Rust Check Canada Inc., a franchise company with 250 franchises across Canada. In 1983 Lise started to oversee the accounting for both companies and became comptroller and on the Board of Directors in 1989. Since selling Rust Check Canada Inc. in 1994 Lise has had time to enjoy the different positions within Lear that has includes sales but most of her time is still focused on administration and accounting.

Lise attended Sheridan Collage where she studied accounting.

Lise is married to Mark who also manages Lear Chemical. She enjoys golfing, reading, and boating.
