## Patrick White – Bio

Patrick White is president of Rapco, Inc.

Rapco and its affiliated companies' manufacture FAA-PMA approved: vacuum pumps, general aviation brake components, filters & gaskets, de-ice components & commuter brake components. They are also an approved repair station.

Pat has been with Rapco for 14 years after having spent 7 years doing Financial Planning for family businesses.

Pat has served as Chairman of MARPA (Modification and Replacement Parts Association) for 2 terms.

Formal education includes a degree in finance and a degree in marketing. Pat lives in Wales, WI with his wife and 2 children.

Golf, snow-skiing and boating make minimal appearances on his calendar when not filled up with children's sports activities.
