Dear ADMA,

Thank you for the scholarship, this gift will greatly assist with my education expenses while attending Embry Riddle Aeronautical University.

I am currently on target to obtain my Bachelors of Science in AMS / AOC Safety Science with a minor in Avionics. Having this degree along with my AMS certifications will open many doors, but does come at a cost. Embry Riddle is not only prestigious, it is also an expensive school.

Receiving this scholarship has allow me to work towards obtaining my degree, and reduce my student loan amount. This scholarship is appreciated and is not taken for granted.

Thank you for your assistance and support.

Sincerely,

Jon Conod
