**Dear ADMA Scholarship Committee**

I am writing to thank you for your generous donation in the form of a flight training scholarship. With the summer semester of school having just ended last week and the fall semester about to start, this is just the boost of motivation I needed to begin the 2017 school year with a smile on my face and luck on my side. I earned my instrument rating a few months ago, and am hoping to have my commercial rating by the end of the year. With the support of the ADMA flight training scholarship, I plan to pursue my seaplane rating and tailwheel endorsement. This is a type of flying the community college I am attending does not offer and I will have to travel to a special school. I'm very excited about finding my first flying job and building hours as a new commercial pilot. Thanks again I can't express how thankful I am for your contribution to my aviation career!

**Sincerely,**

Neil Amonson
