

GlobalAir.com Releases 2018 Fuel Deals & More for EAA Airventure Fuel specials for aviators flying to Oshkosh.

July 9, 2018 – The annual Airventure fuel price specials has now been released for pilots flying to, and from, EAA Airventure. Annually, GlobalAir.com works closely with FBOs across the country to provide aviators with this simple, yet powerful, resource. Some of the Airventure fuel specials that visitors will find include large fuel discounts on 100LL and JetA, free overnight parking and even destinations with complimentary lunch and free cookies.

Jeff Carrithers, President and CEO of Globalair.com explains, “Every year there are thousands of aircraft flying from all over the country for Airventure, the Oshkosh Specials Page has become a great resource for everyone involved. When we first started the page we got perhaps a dozen FBO's that posted. This year already we have 14 specials and we're just getting started. If I were to guess, we should have close to 50-60 specials by July 20-22 when everyone starts their trip.” The variety and type of specials depend on what the individual FBOs decide to offer and list.

This marks the eighth year that GlobalAir.com has provided this seasonal webpage for their visitors. The page is constantly updated as new deals are offered by FBOs. The page tends to significantly grow throughout July, giving pilots and operators plenty of time to review listings, contact participating FBOs and plan appropriate flight routing to the show.
