4 August 2016,

Dear Scholarship Committee,

Thank you so much for awarding me the 2016 ADMA scholarship. I can't describe how honoured I feel to be able to accept this more than generous award, and I know that it will help me tremendously with the financial obstacles in my path to becoming an international airline pilot. I have worked hard for my training so to be chosen for a scholarship really gives me more confidence that I will achieve my goals, both educational and career-wise.

I will use this this award for my commercial multi-engine training which I hope to start this semester. I have already completed some of my goals for my flight training, but there is always more that I can do to become an even more adept pilot. I hope to work overseas, so I do still have a lot of training ahead of me, but I know that it is all worth it in the end. This scholarship award is just one more push in the right direction, so I appreciate all of the support that I have received.

Once again, I would like to thank the donors and the selection committee for giving me this grand opportunity to further my education as an Aviation Management with Flight student.

Sincerely,

Leonia Hunt,
Florida Institute of Technology
